

2011 National Health Insurer Report Card Released

The AMA today revealed the results of its fourth annual [National Health Insurer Report Card](#), which highlights the strengths and weaknesses of the claims processing systems used by eight of the nation's largest insurers. This is a key initiative of the AMA's "Heal the Claims Process"™ campaign, which seeks to eliminate waste from the claims process and free up time and resources to devote to patient care.

Visit www.ama-assn.org/go/reportcard to view the full report card results, access the supporting documentation and view an archived webinar.

Visit www.ama-assn.org/go/healthatclaim to learn more about the AMA's "Heal the Claims Process" campaign and how you can get involved.
