

Tell us what you think!

In order to make this year's [American Medical Association Presidents' Forum](#) a valuable and informative event for all participants, my goal is to capitalize on the considerable expertise of our leaders. I am asking that each of you take a moment to complete a short survey on the issues you would like to see addressed, as well as any subjects about which you would be willing to share your knowledge and experience. [Take the survey.](#)

Also, I am pleased to inform you that award-winning author and historian Michael Beschloss will be the keynote speaker for the opening session of the Presidents' Forum on **Sunday, March 20, 2011 at 4:00 p.m.** Mr. Beschloss speaks with eloquence about the American presidency and the men who sat in the Oval Office, and has been called the nation's leading presidential historian by *Newsweek*. His latest book, *Presidential Courage: Brave Leaders and How They Changed America, 1789-1989*, details crucial moments in American history and the impact that decisions by presidents have had on our nation's history. I believe that his unique perspective on presidential leadership will be a thought-provoking experience for medical association presidents and executive leadership gathered for this event.

I am eager to hear your thoughts and suggestions, and look forward to seeing you at the Presidents' Forum in March. Please [register today.](#)

Sincerely,

Cecil B. Wilson, MD
President
American Medical Association

[Register now](#) for the 2011 National Advocacy Conference and/or

Presidents' Forum.
